

A Message from Fire Chief Kevin R. Bowman – North Lauderdale Fire Rescue, on behalf of Mayor Jack Brady and the City of North Lauderdale Commissioners

Mayor Jack Brady
Vice Mayor Rich Moyle
Commissioner Gary Frankel
Commissioner John Cangemi
Commissioner David G. Hilton

To the Residents of North Lauderdale, Florida:

North Lauderdale Fire Rescue wants to do whatever it can to see you receive the best medical care possible if you have to dial 911 due to a medical emergency.

Often times, the person who is injured or has a medical emergency is unconscious and cannot communicate to our paramedics. When the patient cannot communicate, we cannot find out about important things such as their: name and age; blood type; current and past medical history; medications they are taking; allergies to medications; doctors' name and phone number, and other vital information.

North Lauderdale Fire Rescue is offering the Vial of Life[®] program to all its residents AT NO COST.

The Vial of Life program is a means to provide this essential information to our fire rescue paramedics and ultimately the doctors and nurses at the emergency room.

If you'd like to receive FREE Vial of Life kits for those in your home, please contact us at:
